

With all the power of the Arlberg

Up there, where people have been fighting the forces of nature for hundreds of years and the power of nature can be felt like nowhere else, the Arlberg Hospiz Hotel offers real hospitality in an exquisite ambience.

Up there, where wind and weather shape the landscape to their will, the edelweiss grows. The Almstern.

Up there, where your senses are sharpened and the horizon is wide, the idea for a product was born, as unique as the Hospiz itself. And as sophisticated as its guests.

almstern

A range of body care products full of traditional symbolism and innovative effectiveness. Developed from the best that nature has to offer. For anyone who wants to spoil themselves in the Hospiz spa area or who wants to take a piece of the Arlberg back home.

Feel great with the power of the Arlberg

Natural Edelweiss extracts

stand for gentle beauty, bravely overcoming the trials of nature and proven to protect against polluting environmental influences.

Finely ground granite rock

symbolises friendship and gives "almstern" a whole lot of earthy luxury.

Ice cold glacier water, gentle mountain flower honey, the finest oils from mountain flowers and facial granules from walnut kernels are the final ingredients to delightfully round off this very special body care range.

almstern. Available as Edelweiss Mask, Edelweiss Body Cream, Edelweiss Foot Cream, Cream Bath and Mountain Flower Massage Oil.
